Evisense is an annual subscription. You will be invoiced automatically each year unless you cancel (See Terms and Conditions).

The software is sold in pupil packs. If you need Evisense for 65 pupils, this will be rounded up to 70 pupils as this is the nearest available pack size.

We have 3 levels of storage space;

Bronze - 1Gb per pupil
Silver - 2Gb per pupil
Gold - 5Gb per pupil

1Gb will store around 800 photos or around 1 hour of video.

If you are going to store lots of video, we would recommend the Silver or Gold plans.

Number of Pupils	Pack size	Price per Pupil		
		Bronze	Silver	Gold
5	5	£10	£15	£20
10 - 40	10	£10	£15	£20
50 - 70	10	£9	£13.50	£18
100 - 125	25	£7	£10.50	£14
175 - 200	25	£6	£9	£12
250 - 350	50	£5	£7.50	£10
500 - 850	50	£4	£6	£8
1200+	50	£3	£4.50	£6

Where there are missing pupil ranges, this is due to it being the same price or cheaper to move up to the next price level. 80 pupils at £9 each is £720 and 100 pupils at £7 is only £700, so it is cheaper to purchase a license for 100 pupils than for 80 pupils.

Customers who already use our Connecting Steps software and subscribe to our hosted service will receive 10% discount, please tick here if you are a hosted Connecting Steps

Number of Pupils _____ Evisense Level (default is Bronze) _____

Please round up the number of pupils requested to the next pack size.

Total price _____ per year.
