

NEW Evisense Preview Evidence & Parental Engagement Platform

BSquared 

Presented by: [Dale Pickles, Managing Director, B Squared](#)

B Squared

- B Squared products are about supporting pupils with SEND
- We help schools to show the small steps of progress pupils with SEND make.
- Different frameworks for different ages and ability - EYFS, Primary and an Autism profiling tool
- Reduces teacher workload - identifies next steps, shows progress and supports meaningful communication
- Our products are used by around 15,000 schools
- We have over 25 years experience around showing progress for pupils with SEND
- We talk to hundreds of schools every year about their difficulties around assessment, data and showing progress for pupils with SEND and help them to solve these problems.
- We recognise not all progress can be demonstrated with a graph.
- We understand the need to share work that is not permanently recorded on paper.

Overview

The new version of Evisense is a complete rewrite of Evisense, just like we did with Connecting Steps a few years ago.

The new version is faster and easier to use. Schools have more control and flexibility around privacy and other options.

Evisense is Changing

7 years ago when we launched Evisense, it was a way to capture and share evidence of learning. You could link the evidence to the skills in Connecting Steps and showcase pupils' achievements.

As well as collecting and sharing evidence, Evisense is now a parent communication tool to help boost parental engagement, where evidence is just one part of what it does.

Complete the school options screen

Create the migration process from old to new Evisense

We will migrate schools on request once the new system is available.

We will have a final migration date when all remaining schools will be moved to the new Evisense.

Run Through of the System

If you want a more personal tour of the system, click on the Book an Online Meeting button to book a time for myself or one of my colleagues to take you through the system and answer your questions.
